VETERAN LEGISLATION

12 September 2010

Of the 6106 House and 3754 Senate pieces of legislation introduced in the 111th Congress to date, the following **House** bills are of interest to the non-active duty veteran community. Bill titles in green (if any) are new additions to this summary, titles in orange have either passed either the House or Senate and been passed to the other for consideration or been incorporated into another bill, and those highlighted in blue have become public law. A good indication on the likelihood a bill of being forwarded to the House or Senate for passage and subsequently being signed into law by the President is the number of cosponsors who have signed onto the bill. An alternate way for it to become law is if it is added as an addendum to another bill such as the annual National Defense Authorization Act (NDAA) and survives the conference committee assigned to iron out the difference between the House and Senate bills. At <http://thomas.loc.gov> you can review a copy of each bill's text, determine its current status, the committee it has been assigned to, who your representative is and his/her phone number, mailing address, or email/website to communicate with a message or letter of your own making, and if your legislator is a sponsor or cosponsor of it. To separately determine what bills, amendments your representative has sponsored, cosponsored, or dropped sponsorship on refer to <http://thomas.loc.gov/bss/d111/sponlst.html>. To review a numerical list of all bills introduced refer to <http://thomas.loc.gov/bss/111search.html>. The key to increasing cosponsorship is letting legislators know of their constituent's views on issues. Those bills that include a website in red are being pushed by various veterans groups for passage and by clicking on that website you can forward a preformatted message to your legislator requesting he/she support the bill.
